

TorqueNados Mission Statement

The mission of Team 5090 is to empower Downriver Detroit youths to become leaders and innovators in the areas science and technology, through engaging mentor ship, sustainable team development, and student led activities.

TorqueNados Vision Statement

To build a culture of scientific and technological proficiency for Trenton students of all ages in which their accomplishments in innovation are recognized and celebrated.

Thank You 2018 Sponsors!

FIRST ROBOTICS TEAM 5090

TORQUENADOS SPONSORSHIP

THE TORQUENADOS

We are a FIRST robotics team that has completed our fifth year. Our biggest achievements include; Winning the prestigious Chairman's Award, Rookie All Star, Rookie Inspiration, Spirit, and Entrepreneurship Awards.

The Trenton Torque-Nados were formed in November of 2013 and maintained a team of around 30-40 participants. By incorporating family values, we strive to create a functional yet welcoming team, while making our team great, and fostering interest in STEAM (Science, Technology, Engineering, Arts, and Mathematics) in our community. Our members each have their own special place here, where they can put their talents to work. As a team we participate in STEM challenges, Team building activities, Social Networking challenges, Team Fundraisers, and Community Outreach.

FIRST ROBOTICS

For Inspiration and Recognition of Science and Technology (FIRST) is an international youth organization that operates the FIRST Robotics Competition, FIRST LEGO League, FIRST LEGO League Jr., and FIRST Tech Challenge competitions.

Founded by Dean Kamen and Woodie Flowers in 1989, its expressed goal is to develop ways to inspire students in engineering and technology fields. It is noted for its philosophy of cooperative competition, which is expressed by the organization as "coopertition" and gracious professionalism

FIRST robotics teams are made possible by community sponsors supporting their local teams.

For more sponsorship information please contact Team Coach, Ed Neubecker at (734) 347- 0202.

Make checks payable to THS Robotics .
Mail to 2601 Charlton Rd, Trenton, MI 48183
